

In 2008, grants and contributions supported the vital work of Funders Concerned About AIDS.

FCAA's work is made possible by foundation and corporate grants as well as personal contributions. In this time of unprecedented economic crisis, the partnership and support of our member organizations inspire and propel FCAA's commitment to sustaining and mobilizing the philanthropic response to HIV/AIDS.

We thank the following institutions and individuals for their generous support during 2008.
