

IN 2005, GRANTS AND CONTRIBUTIONS SUPPORTED FCAA'S VITAL WORK

The work of Funders Concerned About AIDS is made possible by foundation and corporate grants as well as institutional and personal contributions. This support speaks to the importance and the potential of the philanthropic response in the fight against HIV/AIDS in the United States and internationally and our collective role in this effort.

Thank You!

Funders Concerned About AIDS gratefully acknowledges the following generous support from January 1, 2005 to December 31, 2005.
