

AGENDA-AT-A-GLANCE

8:15 – 9:00 AM	Registration and Breakfast
9:00 – 9:30	Welcome and Overview
9:30 – 10:30	Session I. Election Analysis
10:30 – 11:45	Session II. Health Reform & the Evolution of Care
11:45 – 12:45 PM	Networking Lunch
12:45 – 2:15	Session III. HIV Care at the Crossroads: Linkage, Access & Retention
2:15 – 3:45	Session IV. The Impact of Syndemics: MSM & HIV
3:45 – 4:00	Break
4:00 – 5:15	Session V. The Benefits & Challenges of Integrated Funding
5:15 – 5:30	Closing & Next Steps
5:30 – 6:30	Reception

SUMMIT GOALS

1. Highlight critical gaps in HIV funding.
2. Engage funders working in HIV-adjacent areas of LGBTQ, broader health, and social justice in thinking about intersectional grantmaking, inclusive of HIV-related issues and concerns.
3. Provide a platform to encourage transparent sharing of strategies and best practices, to nurture networking and opportunities for partnership between the public and private sector, and among private funders.
4. Develop strategies to engage broader philanthropy in HIV/AIDS issues.
5. Begin to introduce FCAA's future direction – vis a vis FCAA's 2013-2015 Strategic plan – and collect stakeholder input on 2013 FCAA programming priorities.

KEY SESSION HIGHLIGHTS

Session I: Election Analysis

Special analysis of the election, and what it means for AIDS-related philanthropy.

Featuring: Beth Tritter and Elizabeth Engel, Glover Park Group; Moderator: Owen Ryan, amfAR

Session II. Health Reform and the Evolution of Care

How will the system of care evolve in a new era of the Affordable Care Act? Will health reform help integrate HIV/AIDS care into the broader health system? Leading stakeholders will explore how current policy, funding and treatment mechanisms can be adapted into broader health systems.

Featuring: Jen Kates, Kaiser Family Foundation; Jeff Crowley, National HIV/AIDS Initiative, O'Neill Institute for National and Global Health Law; Grant Colfax, Office of National AIDS Policy; Kevin Cranston, Massachusetts Department of Public Health (MDPH) Bureau of Infectious Disease. Moderator: Ramon Gardenhire, AIDS Foundation of Chicago

Session III. HIV Care at the Crossroads: Linkage, Access and Retention

This two part session will start with a presentation from a leading, frontline AIDS physician and researcher. What does it mean to manage treatment for people living with HIV/AIDS? How will the current treatment and funding environments affect care? Next, a candid funder panel will break down what it means to support access and retention in care during an ever-changing epidemic, how they're doing it, and why.

Featuring: Dr. Michael Mugavero, 1917 AIDS Clinic, University of Alabama; Vignetta Charles, AIDS United; John Edmiston, Kaiser Permanente; Kacy Hutchison, Gilead. Moderator: Michael Kaplan, AIDS United

Session IV. The Impact of Syndemics: MSM & HIV

With a focus on syndemics – or synchronous epidemics that entwine health, social, and economic issues – in the lives of gay men and other men who have sex with men, a panel of leading stakeholders and private grantmakers will explore the latest research to find commonalities in funding gaps, priorities, and best practices.

Featuring: Gregorio Millet, CDC; Jaevion Nelson, HIV Young Leaders Fund/Jamaican Youth Advocacy Network/J-Flag; Kent Klindera, amfAR GMT Initiative; Dr. Jonathan Mermin, CDC. Moderator: Neil Giuliano, San Francisco AIDS Foundation.

Session V. A Work in Progress: The Benefits & Challenges of Integrated Funding

A panel of private funders will share where they see the field moving, what integration means for their organizations, and how they're responding both internally and externally. This interactive discussion will engage the audience around key questions, including, how do we integrate without losing our focus on HIV/AIDS?

Featuring: Jeff Richardson, Abbott Fund; Shari Turitz, Open Society Foundations; Ria Puggedá, Consumer Health Foundation; Moderator: Christine Reeves, National Committee for Responsive Philanthropy.
