To help our partners navigate the 22nd International AIDS Conference (AIDS2018), FCAA has prepared a roadmap to highlight conference proceedings focused on issues of interest to, or convened by, private funders of HIV and AIDS. In particular, this guide focuses on sessions highlighting issues on key populations and topics of interest to FCAA funder working groups. This guide is not meant to be exhaustive, and focuses primarily on main sessions and symposiums. On pages 7 & 8 you can find information about Global village and other community events. The full program is online: http://bit.ly/2MwmKVd. Questions on this guide? Contact Sarah@fcaaids.org
